DEMISE OF JOSEPH M. HARRISON

While preparing to join his family and a party of friends on a festive trip to the Elks' Circus in San Diego last night, Joseph M. Harrison, a most prominent and favorably known citizen, passed away rather suddenly about 8 o'clock at the home of C. A. Peace, 4805 Newport avenue, where the party had congregated to leave in autos for the city.

Mr. Harrison's wife and children had already departed in the first car when he was stricken with a coughing spell. Dr. F. J. Ratty was summoned and reached the house in five minutes, but Mr. Harrison was beyond medical aid on account of heart failure. Mr. Peace then hurried in his car and overtook Mrs. Harrison near Loma Portal, to break the deplorable news.

Mr. Harrison returned early this week from a trip to Los Angeles, where he underwent special treatment for bronchial trouble, and while riding to town with the editor yesterday he remarked that he felt wonderfully improved and appeared his happy good self as ever.

Mr. Harrison possessed an exceptionally genial disposition and had hosts of friends in the beach district and throughout San Diego. He was formerly proprietor of the Ocean Beach Laundry and was at one time in charge of the U. S. Grant Hotel laundry.

Mr. Harrison resided at 4824 Coronado avenue and his family consisted of his devoted wife, Mrs. Bessie Harrison, and their children, J. Wesley Harrison, W. Harold Harrison, Hugh Harrison and Jean Harrison. Funeral arrangements will be announced later.

The staff of The Beach News and the entire community extends sincere sympathy to the deeply bereaved widow and family.

MORE ABOUT THAT ROMANTIC WEDDING ON SUNSET CLIFFS

Journeying from northern California, after an extended courtship and engagement, M. D. Bayliss of Wheeler Springs, Calif., and Mrs. Ella G. Curran of San Pedro, Calif., were united in the holy bonds of matrimony Thursday afternoon, June 14, by Rev. F. J. Stotzel of the Union Congregational church, the ceremony taking place on one of the prettiest spots of the famous Sunset Cliffs, Ocean Beach.

Mrs. Ethel L. Sterling of 4857 Saratoga avenue and a close friend of the bridal pair, acted as matron of honor, while J. H. Nichol, Jr., was also present as a witness. The bride was the happy recipient of an elegant bouquet of white roses and lavender sweet peas presented by Mrs. Sterling and a chorus of hearty congratulations was bestowed on the joyful couple.

Mr. and Mrs. Bayliss are honeymooning in San Diego and will again enjoy the delights of Sunset Cliffs before returning home.

DR. EARL L. CHAPPELL ENLARGES HIS OFFICES

True to the principle that nothing succeeds like success, Dr. Earl L. Chappell, a popular and able chiropractor, has found it necessary to enlarge his suite of offices in the Owl building at Fourth street and Broadway, San Diego.

Dr. Earl L. Chappell

Dr. Chappell is the only Chiropractic Gynecologist in southern California, and is proving that Chiropractic is superior to all other methods of healing, in female disorders as well as general practice. It is understood that the doctor is to specialize in this line of practice and is now equipping a separate room for these patients.

The Chiropractic method of taking care of these cases is as radical a departure from the old accepted methods of treatment as can be imagined, offering no embarrassment to patients, this is itself being a radical departure, and the results as in all cases under Chiropractic care, are assured and lasting.

Thrilling Stunts

A drop from high in the heavens into the surf off Ocean Beach by an intrepid parachute jumper will feature the thrills to be afforded at the formal opening next Sunday of the regular summer season. Harry F. Young, famous as "Nemo" for hundreds of perilous parachute drops, will endeavor to break all records in his line.

The ascension and drop will take place in front of the Ocean Beach pavilion at 2 o'clock next Sunday afternoon.

At the same time and place, pre-empt to break altitude records, tempt to break altitude records, without the use of extra oxygen tanks. The veteran Young will be taken skyward in a military airplane piloted by H. E. Russell, a 16-year-

old San Diego aviator, who was a pupil of one of North Island's cleverest naval fliers and only recently won his pilot's license and has the distinction of being the youngest aviator on the Pacific coast.

The Ocean Beach Business Men's association has arranged for having the beach thoroughly patrolled during the time that Russell and Young are taking off and landing in their airplane and parachute.

Big crowds are expected to watch the efforts of the aviators in smashing records, as this will be the first aeronautical event of its kind held here. Adequate street car service is promised by the San Diego Electric railway and plenty of parking space will be afforded for automobiles.

By keeping in close touch with booking headquarters, Manager Ray Ericsson always has a gilt-edged list of attractions for the Ocean Theatre, and this week's schedule takes the topmost peach right of the tree. EAGLES ASK FOR COMMENDABLE CHANGE IN HOSPITAL HOURS

That men and women working in the day time may be able to visit their friends in the county hospital, the San Diego Aerie No. 244, Fraternal Order of Eagles, has petitioned the board of supervisors and the superintendent of the hospital to fix a visiting hour in the evening. At present the only hour during which patients can be visited by their friends is from 2 to 3 o'clock in the afternoon, which prevents many workers from visiting at the hospital.

The dance frolic given by the Community League Saturday night was attended by nearly every available Pacific Beachite and his part. The orchestra, composed of violin, saxophone, banjo, piano and drums, made fine music, the refreshments showed by their disappearance that they were appreciated and everyone seemed to have a good time and a satisfactory sum was cleared to be used for various civic improvements.

Mr. and Mrs. Buck and family, Mr. and Mrs. Lehner and sons, Mr. and Mrs. Hogue and Mr. and Mrs. Van Patten and family, a party of seventeen in all, spent the week-end at the Fallbrook camping grounds, reporting a splendid time.

CHURCH NEWS

Sunday morning Rev. John W. Millar's sermon was one of comfort to all those who were weary, whether from sickness, discouragement, old age or whatever other contributing cause. Comfort to be derived from following the precepts and practice of Him who said, "Come unto me all ye who labor and are heavy laden, and I will give you rest." From reading and studying His Holy Word and from the comfort to be gained in His service.

The C. E. society met Sunday evening. The topic, "Some reforms that need our help," in charge of Miss Nita Davis. The question suggested was "What reforms would you suggest in the world, our country, Pacific Beach and in our C. E. society?" The regular meeting was followed by a business meeting, when plans were discussed in regard to sending a delegate to the state convention of C. E. societies at Long Beach in July, and also later to the school of methods convention. The young folks showed a great interest in the plan, and ability to handle the accompanying problems in a practical way.

The Junior C. E. society, which has been having a vacation, resumed their meetings Wednesday afternoon. It is expected that Miss Helen Young, county superintendent, who spoke at this meeting, will also speak at the following one. Miss Nita Davis' Sunday school class had a most enjoyable picnic at Mission Beach Tuesday, spending the time in swimming, playing games and generally having a good time, ending up with an invasion of the Mission Beach "hot dogs." Two months ago Miss Davis promised a prize to the boy who would study his Sunday school lesson regularly each Sunday for two months. Blair Rogers was first in the contest, Mannie Davis second, so now Blair is taking a great deal of pleasure in his prize, which was a year's subscription to Popular Science monthly.

There was a very good attendance at the social at Mrs. Milligan's Friday night. Everyone had a good time and a very satisfactory nest egg was started towards the expenses of sending a delegate to the C. E. convention at Long Beach.

A PUBLIC NUISANCE

Editor The Beach News:

I spent a week at Oceanside and noticed how quiet the streets were. There were plenty, plenty of cars, but none with the cutouts wide open, and when I remarked about it the answer I received was, "We have a law forbidding it, and woe betide the sinner that breaks it."

Now if my memory is working correctly, San Diego also has enacted its "ordinance" pages with such a law, but like many others it is not enforced.

Here at Ocean Beach it is the joy of many having an ancient "Ford" or a smart Aleck astride an "Indian Devil" to make all the noise possible, especially in the night when honest, tired, or nervous people need rest and sleep. Also they seem to get diabolical pleasure in it when passing a house where there is sickness and even death.

It is not only Ocean Beach that

suffers, but in the main part of the city it is the same.

One day last week on Sixth street in the length of two blocks, I saw and heard three "Indian devils" making all the noise they could.

One of them stood by the curb for about three minutes roaring fiendishly.

I never go to the city that I do not see and hear this nuisance. Strangers remark about it, and civilized citizens scold, but still the curse remains.

It could be easily abolished, why not? Why do we pay for police protection?

Let us have a big meeting at the "Grant" and pass "resolutions."

FOR JUNIOR "HI"

IN THIS DISTRICT

To accommodate the expected increase in school enrollment next fall, Superintendent H. C. Johnson and members of the city board of education have been making an inspection tour of Point Loma in search of a tract of about ten acres centrally located to care for the pupils of Loma Portal, Roseville, Ocean Beach and Mission Beach.

There is considerable congestion of grade schools in this section of the city and to eliminate the crowded conditions it is planned to erect a junior high school adequately equipped with all modern facilities. There are numerous sites on Point Loma, any one of which might be used for the construction of a new school, but the superintendent and board members are forced to consider many factors, such as location, availability and cost in making their selection.

FRED RHODES GIVES

WALKING PAPERS TO ENGINEER SAVAGE

The council is unanimously upholding City Manager Fred Rhodes in his recent discharge of H. N. Savage from the position of hydraulic engineer. An ordinance has been adopted replacing the ordinance under which Savage was employed in 1917. This abolishes the position of hydraulic engineer, the Mayor playing a lone hand in support of the former incumbent.

HUNTING AND FISHING

With slight changes, the ordinance recently presented by the city manager reducing the cost of hunting and fishing permits and boat hire at the municipal reservoirs will be passed by the council, members favoring a cut of the high rates established by the old water commission.

"A NEWSPAPER GUY"

I find a man pushing his way through the lines. Of the cops where the work of the fire fiend shines, "The chief!" I inquire—but a fireman replies: "Oh, no; why, that's one of those newspaper guys."

I see a man walk through the door of a show. Where great throngs are blocked by the sign, "S. R. O." "Is this man the star that no ticket he buys?"

"Star nothin'! He's one of those newspaper guys."

I see a man start on the trail of a crook, And he scorns the police, but he brings him to book, "Sherlock Holmes!" I inquire—some one scornfully cries: "Sherlock hell! Naw; that's one of those newspaper guys."

And some day I'll pass the great Gates of Gold And see a man pace through unquestioned and bold, "A saint?" I'll ask, and old Peter'll reply:

"No; he carries a pass—he's a newspaper guy."

The Ocean Beach Chapter of the W. C. T. U. held its annual monthly meeting last Wednesday afternoon at the home of Mrs. Russell, 4733 Long Branch avenue, and considerable business of importance was transacted.

NATURE

By DONALD CAMERON

The great secret of Nature lies in her balancing power, Fire, the unknown cause of all life—the spirit of the flame that exhausts itself to the visible eye but carried on by the invisible according to the plans of its manifestation. Nature, today, the essence of all that has gone before; the ashes from the fire fomenting a spirit—new but yet old; a thunderstorm in the sky when we catch an occasional glimpse of light that dispels the clouds in rain to replenish the earth; corked up in a bottle, carried on through time to blow out the cork or burst to vanish in thin air. The storm in the home that gathers through the workings of nature and displayed in a flash of the eye and a word of the tongue to find a corresponding flash of word that spends itself through nature and turns to love, and so the balancing continues through elements and compounds replaced by death and decay in the soil.

But when nature is not allowed to exercise her functions the soil becomes denuded, artificial means are resorted to. And the balancing power is hard to control. When horses and cattle fed on herbage they naturally took certain elements out of the ground which was replaced by fertilizer from the animals together with additional chemical foods in the shape of straw and other waste vegetation.

Nature is nervous, but she is the strong life that can never be controlled; the flash of light shooting through the dark clouds in the world war will manifest itself through love in nature; the balancing power in the mother as she approaches nature in the cool hours of the morning with joy and happiness in her heart, strolling in the garden, whispering her secrets to the flowers, thinging of her children battling along in the garden of the world, doing their share in the uplifting of humanity.

The moving pictures in the cities is sowing the seeds of love in the hearts of the children developing by a yearning fostered by the mind's eye for the blue sky, the birds, animals, nature to work with nature and live. And so we reflect back and rest to turn onward with renewed vigor to face the days ahead.

Nature, the cowboy at the end of the rope with the grim smile, saying you have got to come back to the hitching post. He hauls the feed to the stock but finally decides to drive the stock to the feed; and so nature holds the balance and swings the leaders and all pull together to live and develop.

TOM HARRISON OUTLINES
A PLAUSIBLE PLAN FOR
ADVERTISING OCEAN BEACH

Ocean Beach, Calif.
June 21, 1923.

Kirk Smith,
Editor The Beach News:

I want to make a suggestion and also relate our experience on coming to San Diego, perfect strangers, a year ago.

We did not know the names of any of the beaches when we left Texas, but when we were nearing San Diego we were given a little booklet telling us all about Coronado, so we went there and paid \$25 for rent alone, that paid for the advertising they spent at least for us. Not until we had been there a week did we know there was a place called Ocean Beach and I still find out that strangers coming into San Diego don't hear about this town of ours, but they hear about Coronado and Mission Beach long before Ocean Beach.

Now my suggestion is as follows: Why not put up a large electric sign right at the plaza, say on top of some building near the car stop (it can be had I hear) reading "VISIT OCEAN BEACH." "Good Time All the Time."

This would bring them out both day and night. This sign would cost about 300. Now I suggest that if everybody in Ocean Beach would donate the small sum of 25 cents this sign could be easily bought and put up and the cost of running it paid the first year; I happen to know of an Ocean Beach Booster that would pay the electric light bill right along along if not enough money was raised for that item.

Now surely there are sufficient people in Ocean Beach that love their home town well enough to be willing to donate 25 cents for its growth; and not only that, it really is a good investment for all.

This money could be raised by having some member of the Chamber of Commerce at the postoffice (a place everybody goes most every day) for one day or more and everybody could contribute the 25 cents and sign their name as donor. This would save expense of collecting from house to house then the list of loyal citizens could be published in "The Beach News" the following week as the real boosters of the best beach in California and it sure is the best.

Some people might feel so proud of their town as to even donate more than 25 cents and this would make it a sure success. Of course, it would be a simple matter for a few business men to get together and raise the money between themselves, but I really think that we would be much more satisfied if we all felt every time we looked at the sign that we ourselves helped to put it there and later on say "I had a finger in the pie of making Ocean Beach."

To not advertise this beach of ours to strangers is like hiding our light under a bushel and this kind of ad is one of the cheapest because it is always there and would be in place where all strangers must see it.

Just because I am in business here don't let anybody think it is a purely selfish motive that prompted this suggestion from me as it is not; but all my business life I have been an advertising man and I just hate to see a wonderful chance being thrown away. I, myself, must leave Ocean Beach this fall, and when I come back I don't want to get in town without Ocean Beach being flashed on my mind. I do know if I did see the beach ad that would mean strangers coming into San Diego would visit us, and they would at least fall in love with our beach and tell their friends when they got home, possibly making them want to come and live here. We all like Ocean Beach, why not others. TELL them about it.

Thanking you, Mr. Editor, for so much space, and fellow citizens,
LET'S GET TOGETHER!

Yours truly,
T. H. HARRISON.

KIND WORDS ABOUT
"KATHERINE"

(From the Publisher's Auxiliary)
The Beach News, published at
Ocean Beach, Calif., celebrated its
maturity May 1st, by appearing in
six-column form. This rapid growth
of the husky yearling, beginning as
a four-column folio, increasing to
five and now six-column is due in
no small part to the gracious per-
sonality of the wife of the editor,
Mrs. Kirk Smith, who presides over
the local department.

HONORS BESTOWED ON
DADDY OF SAN DIEGO
AND HIS SUCCESSOR

At a "co-operation" dinner given
to John D. Spreckels and his son,
Claus Spreckels, at the U. S. Grant
hotel on night of June 13, over six
hundred well known San Diegans
were in attendance, while about half
again that number were unable to
participate owing to lack of accom-
modations. The dinner was arranged
by the San Diego California Club in
reciprocity for the famous "get-
together" dinner recently held by
the elder Mr. Spreckels at Coronado.
Some stirring addresses marked the
latest occasion, the speakers being
prominent representatives of various
civic organizations as well as city
and county officials. The two guests of
honor also made some very optimis-
tic remarks and brief speeches were
made by Imperial valley and Ariz-
ona visitors.

Chase wild bullfrogs for three
miles and gather up the hops. To
them, add ten gallons of tan bark,
half a pint of shellac and one bar
home-made soap. Boil 36 hours, then
strain through an I. W. W. sock to
keep it from working. Add one
grasshopper to each pint to give it
a kick. Pour a little into the kit-
chen sink. If it takes the enamel
off, it is ready for bottling.

"BERT" SCHNEIDER KNOWS
WHEREOF HE SPEAKS

That live-wire Ford salesman for
the Powell Motor Company, "Bert"
Schneider, who resides in Ocean
Beach, grows quite enthusiastic over
the results from his ad in The Beach
News, stating emphatically that he
knows it pays. Hence a number of
good sales recently to his credit
through publicity in this paper.

Doc Adams, eminent physician and

tends building a skyscraper complete
with roof, doors and windows on his
new property on Hornblend avenue.

Albert Goode, handsome bonnet
doctor, is busily engaged in swinging
a hammer and saw on a new gar-
age, the building will be equipped
with hot and cold folding doors and
steam heated window frames, trim-
med with genuine hand-made lace,
imported from Oceanside.

Doc. Hollister spent all day Sun-
day cleaning and oiling his shotgun.
Wonder if he intends using it on
friend Broth? If he does, shoot him
in the pants, the coat and vest be-
long to me, says Bill Carter.

Daddy Hodge, chairman of the
Community League, has his brick
crematorium ready for business.
Wonder who he intends trying it out
on. Pop Steintorf would be a good
one, as he seems to be able to stand
a lot of Imperial valley heat.

If the Rev. J. W. Millar, genial
sky pilot of the Presbyterian church,
ever conducts a question box similar
to that of the Rev. Roy Campbell of
San Diego, the following will appear
in the first batch to be answered:

Harry Gist—"If two men on
my right draw one card each and
the others on my left sit tight
while I hold four queens, would
you stick it out or make a bluff
that you had to meet your wife
and beat it?"

Jack Harris—"What day does
Sunday fall on in Tijuana?"

Earl Dierks—"In playing Afri-
can golf, is it proper to use
the right or left hand in rolling
the bones? (Now treat your
papa right, sweet spirits of
nitre. You fade 'em while I try
and borrow a dime from Bob
Durham.)"

Henry Churchman—"Is Bill Sam-
uel's hair tonic good for traffic
warts?"

Dick Harrison—"Can you give
me the name and address of a
reliable bootlegger?"

Al Barrett—"Would blonde
hair be suitable for use in the
manufacture of counterfeit \$3
bills?"

H. C. Gardiner—"Do you con-
sider it proper for Doc Sey-
mour's Grand Avenue Railroad
to haul milk on Sunday?"

Marcus Robbins—"How much
water should be used to chase
down three fingers of courage?"

Mrs. Pipe—"In washing un-
dressed kids would you recom-
mend using Lux?"

Mrs. Woodward—"Is the color
of Doc Adam's Flatiron building
one or two shades lighter than
Southern Pacific Seymour's pom-
padour?"

NO REIMBURSEMENT

Those who subscribed to the fund for the purchase of the naval training station at Loma Portal, in the hope that they eventually would be reimbursed by the municipality, are doomed to disappointment. The city attorney in a long written opinion, has informed the council that it would be illegal to appropriate one cent for such a purpose.

Don't "hide your light under a bushel measure." A business card at small cost in our advertising columns will tell the world and your neighbors that you're alive!

BIG CONCERT AND DANCE

A grand operatic concert and dance is scheduled to be given under the auspices of the Dramatic Order, Knights of Khorassan (Sunshine Branch) of the K. of P. at the Civic Auditorium on Saturday evening, July 7. The big concert will be under the immediate direction of Roy Woodruff and tickets with prize numbers are being sold for fifty cents with a demand that already presages a large attendance.

The Mission Beach Market has had an attractive sign added to the front of their store.
